SUBJECT: Notes for Executive Council Item on Colby Directives

REMARKS:

file DCI

"You will recall that last spring, in connection with the Watergate investigation, we were asked to report to the IG all information on possible questionable activities that we were engaged in. As you know, Mr. Colby used this material extensively in his confirmation meetings with Symington, Nedzi and others on the Hill. During the course of these meetings, Colby made very specific commitments assuring the Congressmen that the Agency would not stray from its legislative charter. By the way, Colby is going to circulate the transcripts of his hearings to all employees to make clear that he backs fully the direction given by Schlesinger about employees promptly reporting questionable activities that are requested or laid on by others. "

"I am going to pass out to you specific guidance from Mr. Colby on some of those activities that we reported on last spring. I have broken these down by Office. In those few instances where we were to no longer engage in the reported activity, we must follow Mr. Colby's directions to the letter. Most of these, however, are authorizations to continue those activities we initially raised questions about."

"If on reviewing your individual package you see difficulties with them please let me know what your problem is as quickly as possible, so that I can raise the matter with Colby. Also, let me know if the activity approved for your office should be reflected in modification of existing Agency Regulations."

MEMORANDUM FOR: Deputy Director for Science and Technology
Deputy Director for Intelligence ✓
Deputy Director for Management and Services
Deputy Director for Operations

INFO : Inspector General

SUBJECT : Questionable Activities

1. As an aspect of the allegations of improper CIA activity in connection with the Watergate and associated matters, the Inspector General was directed to assemble all information available in the Agency on any such activities. Certain specific matters were provided to him, and the Director by memorandum of 9 May 1973 directed all employees to report any activities, current or past, "which might be construed to be outside the legislative charter of this Agency." This information was assembled and consolidated by the Inspector General in a memorandum of 21 May 1973 and certain individual memoranda thereafter supplementing it. This material was used in a detailed, page-by-page review of all such information with Senator Symington and Congressman Nedzi, as Chairmen of the Senate and the House Armed Services Intelligence Subcommittees, respectively. In addition, I undertook very specific commitments in my confirmation hearings to ensure that the Agency will remain within its legislative charter. I am arranging for the published transcripts of those hearings to be circulated throughout the Agency for compliance, and at that time will reaffirm the specific direction made by Dr. Schlesinger in his memorandum of 9 May 1973. This will also be incorporated into appropriate regulations.

2. With respect to the specific questionable activities which were reported as a result of the search made throughout the Agency, however, I believe it essential to take specific action in order that these not seem to be condoned or overlooked. I have therefore developed specific instructions on each reported activity. These are included in the attachments to this memorandum, and have the force of specific direction to you to pass on to appropriate subordinates the instructions outlined. Separate packages of such instructions are being developed for each Directorate in order to respect the sensitivity of some of the activities discussed, including those which are deemed quite appropriate within CIA's charter.

Similarly, each activity is placed on a separate page so that the Deputy Director concerned may most easily forward it to the office or offices directly concerned without distributing it more broadly.

3. In the event that these instructions raise substantial difficulties of implementation or compliance, I would appreciate your raising such cases with me directly, with whatever recommendations you may have for modification to carry out the spirit of the action undertaken here but to avoid undue disruption of legitimate activities. In the absence of such notice, I will expect full compliance with the instructions outlined herein.

4. Each addressee Deputy Director is instructed to recommend to the DDM&S modification or addition to Agency regulations of appropriate language to reflect the direction included in this memorandum and attachments addressed to him. DDM&S will be responsible for consolidating such recommendations and making an overall report to the Director through the IG, coordinating with General Counsel.
